[Despatch Abstract.]

Qrt-[illegible] - Report for the triennium ending 31-3-47.

. Copy of letter No. Rc.1224-J/47, dated 12th August 1947 from the Director of Public Instruction, Madras to the Secretary to Government of Madras, Education and Public Health Department, Madras.

Sub: Text Book Committee - Report for the triennium ending with 31st March 1947.

-

With reference to rule 15 of the rules for the working of the Text Book Committee, Madras as revised in G.O. No.1694, Education, dated 2nd September 1940, I have the honour to submit herewith the report on the working of the committee for the period from 1st April 1944 to 31st March 1947. In doing so, I desire to place on record my deep appreciation of the help rendered by the Secretary and his staff, the Chairman and members of the various subject Committees of both Secondary and Elementary Schools in reviewing the books, during the Triennium ending with 31st March 1947.

Sd. x x
for Director of Public Instruction.

Education & Pub.Health Deptt.

--

G.O.Ms.No.1694, Education, dated 2-9-40 has been called for from the Madras Record Office. This may lie over until 26-8-47.

Sd. x x x/
21-8-47.

CONFIDENTIAL.

MADRAS TEXT-BOOK COMMITTEE.

REPORT FOR THE TRIENNIUM ENDED WITH THE 31ST MARCH 1947.

--

The last Triennial Report on the working of the Text-Book Committee for the Triennium which ended with the 31st March 1944, was submitted to Government and report was recorded in G.O.Ms.No.1156, Edn., and P.H., dated 7th August 1944, and the thanks of the Government was conveyed to the members for the hard work done by them during the three year period and extracts of the report concerning salient features for the guidance of the publishers, was published in the Fort St. George Gazette dated the 22nd August 1944.

2. At the outset, reference has to be made to the sudden demise of Sir Meveral Statham, C.I.E., M.A., the former President of the Text-Book Committee and the loss sustained thereby.

The following statement shows the changes in the personnel of the President of the Text-Book Committee during the period under report:--

Mr. R.M. Statham	Continued from 1st April 1944 to 12-4-44.
Dr.B.B.Dey	From 13-4-44 to 12-6-44.
Mr.R.M.Statham	From 13th June 44 to 27th December 44.
Mr.G.L.Lobo	From 29th December 44 to 7th Jan.45.
Dr. B.B.Dey	From 8th Jan.45 to 22nd Octr. 45.
Dr.S.R.U. Savoor	From 23rd Octr.45 to 12th May 46.

p.t.o.

Mr. G.L.Lobo	From 13th May 46 to 11th June 46.
Dr. S.R.U.Savoor	From 12th June 46 to 31st March 47.
Sri P.N.Chamu Nair	Continued to be the Secretary till the 20th June 46. Consequent on his transfer, I was appointed as the Secretary.

3. As laid down in Rule 2 of the rules relating to the Text-Book Committee, the Committee consisted of 40 members nominated by Government in their order No.Ms.529,Edn., and P.H., dated 10th April 1944, who held office for a period of three years from the 1st April, 1944, till 31st March 1947

The names of the 40 members nominated by Government and those co-opted (9 members) under Rule 6 with their designation and their distribution among the several sub-committees of the Text-Book Committee are shown in the Appendix I (a), (b) and (c).

Under Rule 8 of the rules relating to the Text-Book Committee, the Director of Public Instruction, Madras appointed a separate sub-committee of 26 members to deal with all books received for use in Elementary Schools.

A list of members so appointed with their designation and distribution among the various subjects and language sub committees are shown in Appendix II (a) and (b).

The Chairman of the several language and subject sub-committees of the general Secondary schools Committee appointed under Rule 7 functioned as chairman of the various sub-Committees of the Elementary Education Committee also, with a view to ensuring uniformity. The changes that took place during the triennium in the personnel of the committee and which were announced from time to time in the ~~members~~ of the Secondary schools, and the Elementary Schools Committee are shown in Appendix III.

The names of the members of the Secondary and Elementary Schools Committee as it stood on 31st March 1947, and their distribution amongst the several subject and language Sub-Committees are shown in Appendix IV(a), (b), (c), and (d).

4. Subsequent to the submission of the last triennial report, 85 publishers applied for registration in accordance with the rules of the committee and 65 publishers were registered.

5. The following amendments to the rules relating to the Text-Book Committee were issued:-

(a) The amendments to Rules 28 and 42 (a) for the opening of an additional classification viz., 'Class-Use--Non-Detailed Study' (Vide G.O.Ms.No.717, Edn.,and P.H.,dated 4th May 1945). The scrutiny fees charged for the books of the new classification is the same as for books intended for approval for class use.

(b) The amendment to Rule 45 for substitution of the expression 'in English' by the words 'in the language in which the book is written' -- (Vide G.O.No.Ms.1058,Edn.,&& P.H., dated 29-5-46).

6. Three meetings of the Text-Book Committee for the Elementary Schools and four for the Secondary Schools Committee were held on the dates mentioned below:-

ELEMENTARY SCHOOLS COMMITTEE.	SECONDARY SCHOOLS COMMITTEE.
22nd February 1945	23rd February 1945.
Nil	20th Septr. "
27th February 1946	28th February 1946
do. 1947	do. 1947.

As a measure of economy and due to the small number of books received for consideration in connection with the September meeting every year, no meeting was held in September'45 and also in September 1946, for the Elementary Schools Committee. As a special case, one meeting was held on 20th September 1945, for the approval of a large nu ber of books received for consideration by the Secondary Schools Committee, consequent on the introduction of the system of prescribing books for non-detailed study in schools. Out of 1386 books, received for approval for 'class use--Non-Detailed study' during 1945-47, 1024 books were approved for non-detailed study.

7. The number of books considered by the Committee from 1944 to 1947 is shown below:--

STATEMENT SHOWING THE NUMBER OF BOOKS CONSIDERED FROM 1944 to'47.

YEAR.	Elementary Schools. Re-approval.	Fresh approvals.	Total.	Approved for class use.	Secondary Schools. Re-approved.	Fresh approvals.	Total.	Approved for class use.
1944-45	132	301	433	150	234	437	671	280
1945-46	106	414	520	136	205	1137	1342	323
1946-47	296	350	646	314	328	786	1114	524
Total.	534	1065	1599	600	767	2360	3127	1127

-----The marked increase in the number of books considered in 1946 is due to the fact that the books written in accordance with the Elementary School Syllabus issued in 1939 and which were approved in 1940 were submitted by the publishers by efflux of time for re-approval under Rule 29 and inclusion in the Consolidated List of 1946.

Total

The number of books included in the three Consolidated Lists of 1945-46, and 1947 in the several languages and in the several subjects is shown in the comparative statement for both the Elementary and Secondary Schools, vide Appendix V(a), (b), (c) and (d).

Year.	Elementary Schools	Secondary Schools.
1944-45	3395	4230
1945-46	2960	4495
1946-47	2868	4248
Total	9223	12,973

p.t.o.

The total number of books considered by the Committee during the period under report according to the several languages and in the different subjects is shown in the comparative statements showing the books received in each of the years separately for both Elementary and Secondary Schools--Vide Appendix VI(a), (B), (c), and (d).

8. One manuscript book on 'General Science' in Urdu was received and considered. The Book was considered suitable for 'class use' pending the receipt of the final printed copy of the book from the publishers.

9. Due to the scarcity of paper and the high cost of printing materials, there was a slight fall in the number of books submitted by publishers for consideration by the Committee during 1944-1946.

10. In G.O.No.Ms.2027, Edn.,& P.H.,dated 30-11-1945, Government directed not to revive the publication of the consolidated list of Approved Books, but to continue the existing arrangement of the publication of the list of books approved by the Committee at the respective meetings with the necessary additions and other changes effected in the lists, till the paper position became normal.

11. At the instance of the Postmaster General, Madras, the registered publishers were advised to include a lesson describing the 'Journey of a letter' in the text-books published by them and a copy of lesson for incorporation in the text-books as furnished by the Director General, Posts & Telegraphs was furnished to the publishers.

12. The Publishers were also advised to avoid the following:--

(1) Any reference to the episode of Poet Firdousi and Sultan Muhammad of Ghaznavi in History books that the Shahnama was not composed at the orders of the latter and that the famous satire of him is spurious which was accepted to be historically not true.

(2) Any reference in future to the incident of 'Black-hole of Calcutta' in text-books.

(3) Inclusion in text-books, passages of verse or prose which are likely to wound the feelings or susceptibilities of Jains.

13. The main defects noticed in respect of the books considered by the Committee for use in Elementary and Secondary Schools and the suggestions for improvement are as mentioned below:--

(a) DEFECTS NOTICED IN THE REVIEW OF THE BOOKS, DURING THE TRIENNIUM.

(1) Many of the current text-books are unsystematic in their choice of vocabulary and constructions. There is very little attempt at grading the lessons.

(2) In some books, the language was colloquial and in others, it was difficult and pedantic.

(3) There was no uniformity maintained.

(4)The fundamental rules of grammar are often ignored and the language is often unidiomatic.

p.t.o.

(5) The instruction that the English spelling should be given in brackets in the case of all proper names, excluding those which are commonly met with, has not been followed. Correct technical terms have not been used.

(6) Accuracy and precision in expression are found frequently lacking.

(7) Faulty notation, inaccurate phrasing are some of the defects noticed.

(8) Many books were found wanting in the variety of subject-matter and correlation with other subjects.

(9) Spelling mistakes of proper names are too frequent. The same name is spelt differently in different parts of the same chapter.

(10) Proper attention has not been paid to punctuation.

(11) Dates and contents are not properly verified and in many cases mistakes have escaped attention.

(12) Too much detail or too little are both defects to be avoided.

(13) Selection of every large number of illustrations which are not useful to the contents in the texts, has been noticed.

(14) Place-names have been spelt wrongly and in some cases even differently in maps. Maps are also overcrowded with details.

(15) Bad and hasty proof reading is too common. The use worn out types is another defect. The printing of symbols for addition, substraction, division are often defective owing to the want of correct types with the printers. The printing of algebraical symbols needs improvement. Mis-prints have frequently occurred in the books and were left unnoticed. The printng of textbooks in double columns must be stopped.

(16) Many of the books were printed on paper of poor quality of unbleached nature availing the concession granted on account of the war, which was not satisfactory.

(b) SUGGESTIONS FOR IMPROVEM NT:

The subject-matter in text-books for detailed study in the languages should be interesting to children, clear and easy, so that they may read them without undue strain and help from the teacher.

The readers for lower standards in Elementary schools should be printed in larger types and contain vivid and coloured pictures, which will attract the attention of the children.

There should be freshness or newness in the selection and treatment of subjects.

Explanations for difficult words and verses occurring in the poetical passages should be provided. In choosing verse passages for books for detailed study, an attempt must be made to include in an ample measure, representative passages

passages from the didactic, lyrical, devotional and narrative classics of older poetry.

Some of the books contained lessons praising contemporary pesonalities of provincial fame. This tendency has to be watched with care, sinee it is likely to lead to awkward situations in which the right of particular personalities to biographical treatment, may have to be decided later.

Books which contain views which are likely to arouse bitterness have to be rejected by the committee. Hence, harsh judgments should not be passed on Muslim rulers. All reference to the Black-hole incident or the story of the poet Firdousi and Muhammad Ghaznavi have been suggested to publishers to be avoided from inclusion in History text-books.

Science books especially for the lower standards, should be based on observations and experiment.

The need for more Music Books has been felt.

Books of outstanding merits intended for use as text-books for non-detailed study, may be brought out by the publishers in large numbers.

14. During the period under review, disciplinary action was taken in regard to eight publishers, who either failed to give the required particulars relating to the books submitted for consideration or gave incorrect particulars.

15. The receipts and charges during the triennium 1944 to 1947 connected with the Text-Book Committee showed a surplus of Rs.18312-0-0--vide statement--Appendix VIII.

(By Order)

Sd.P.K.Ranganayakulu,
Secretary,
